IMMEDIATE PRESS RELEASE

Due to a clerical error on the Inchelium and Omak Primary Ballots, please be advised of the following:

Tribal Code 8-3-99, Primary Election Preceding General Election. (a) *A primary election shall be held at least four weeks before the general election. A primary election will be held in the Nespelem, Inchelium and Omak districts **only if there are more than two certified candidates for each numbered position (from those districts) and in the Keller district only if there are more than two certified candidates from that district.***

- For Inchelium District Position #1, Cindy Marchand is unopposed and is not required to be included on the Primary or General Election Ballots. Therefore votes for this candidate will NOT be counted during the 2024 Primary Election certification process.
- For Omak District Position #2, there are only two certified candidates for this position; they were not required to be included on the Primary Election Ballots. Therefore votes for Omak District Position #2 will NOT be counted during the 2024 Primary Election certification process and both candidates will proceed to the 2024 General Election.

We apologize for any confusion these errors may have caused.

Sincerely,

2024 Election Staff
