### Lake Roosevelt Community Health Center - Keller

Encouraged to call for an appointment of curbside testing 509-722-7313

## Why Random Testing?

We want to determine if we have an asymptomatic cases in our community and care for them accordingly. These tests will be exempt from the Quarantine order, so patients will not be required to quarantine until a result is received. Most tests will be the Rapid test available. In the event a positive case is detected the Health Officer will issue the required isolation order.

Below is the schedule of hours for the testing; of course if a person is symptomatic or has been exposed or suspect they have been exposed it is very important for them to be tested.

Remember our number strongest defenses to keeping the COVID-19 Virus from our communities are:

- Keep it from coming into our communities
- Don't travel or have company to or from high risk areas
- Practice social distancing
- Use a mask
