## Two new positive cases of COVID-19 reported in Omak District

The Colville Tribal Emergency Operations Center has confirmed through the Okanogan County Public Health and tribal health officials two new positive cases of COVID-19 on the Colville Reservation in the Omak district.

To date, 14 cases of COVID-19 have been reported on the Colville Indian Reservation, and medical professionals have released 10 of those individuals from isolation.

We know COVID-19 continues in our communities and we ask for your help to prevent further spread.

Please remember to continue to practice social distancing. We have been able to keep our numbers low by taking preventative action.

Locally, all clinics on the Colville Reservation are testing daily. If you have been in close contact with someone who has tested positive for COVID-19, or who is presumed positive, or if you have symptoms of concern the Colville Tribal Emergency Operations Center encourages you to contact your provider.

The CDC defines close contact as being in less than 6 feet from someone for a prolonged period of as little as 10 minutes.

If you are short of breath or have chest pain, you need to immediately call 911.

***For emergencies, call 9-1-1.***
