CBC extension includes closure of Colville Reservation to visitors, additional public safety concerns

The Colville Business Council extended the partial shutdown of the Colville Tribal Government and other public safety measures earlier this month in an effort to prevent the spread of COVID-19 on the Colville Indian Reservation.

At this time, the measures are in effect through May 29.

Along with extending the partial shutdown of the Colville Tribal Government, the approved resolution expressly:

- extends the prohibition of public gatherings of ten or more people
- extends the prohibition of camping by non-tribal members or groups of ten or more people
- extends the closure of fishing and hunting by non-tribal members within the boundaries of the reservation.
- extends the requirement of residents to remain home except for essential activities
- Extends closure of the Colville Reservation to visitors.

For emergencies, call 9-1-1.
