Released from isolation 12

The Colville Reservation remains closed to visitors, non-tribal recreation vehicles

The Colville Business Council passed a resolution, May 1, extending through May 29 a closure of the Colville Reservation to non-essential visitors and further extending additional public safety measures to prevent the spread of COVID-19 on the Colville Indian Reservation.

This closure includes the prohibition of non-tribal ATV traffic and other non-tribal recreation on the Colville Reservation.

The resolution:

- extends the prohibition of camping by non-tribal members or groups of ten or more people
- extends the closure of fishing and hunting by non-tribal members within the boundaries of the reservation.
- extends the requirement of residents to remain home except for essential activities
- extends closure of the Colville Reservation to visitors extends the prohibition of public gatherings of ten or more people.

While we have successfully kept the number of our positive cases low, we ask the community and our neighbors to continue following public safety measures and additional preventative action to prevent further spread of COVID-19 on the Colville Reservation.

For emergencies, call 9-1-1.
