EOC continues work to prevent spread of COVID-19; MTFC issues notification on burning

NESPELEM - The Colville Tribal Emergency Operations Center continues to work to prevent the spread of COVID-19 on the Colville Indian Reservation by working with area businesses, senior meal sites and other partners.

Currently, the EOC and Colville Tribal Area Agency on Aging are working to deliver over 520 meals to elders across the reservation daily. Along with meal deliveries the EOC and AAOA are working to assist elders with chore services outside of the home. If you have a loved elder, or if you are an elder, who is not receiving services, please contact the Colville Tribal EOC at 509-634-7350.

Mount Tolman Fire Center has issued a notification that traditional fires and recreational fires in campsites maintained by the Colville Tribes remain allowed on the Colville Reservation.

A release from MTFC notes, "Temperatures are starting to rise as we transition in to summer. Although the rain has helped slow fire activity recently it has little effect towards our long term drought."

A permit is required for a traditional burn, according to the release.

MTFC can be reached at (509) 634-3100.

For emergencies, call 9-1-1.
